- Microsoft Excel Using AI
- Cloud Computing

Personal Information

- Name:- Noopur pravin jadhav
- DOB:-14/02/2004
- Blood group:- B+ve

Projects

Python based project | Academic project (jan 2026 - may2026)

Smart Code Review Agent (AI-Based Project)

Developed an AI-powered system to automate pull request reviews using GitHub REST API and Google Gemini API.

Analyzed code changes to detect bugs, security issues, and suggest improvements with structured feedback.

Built backend using Flask for real-time processing and PR comment integration.

Improved code quality, reduced manual effort, and enhanced developer collaboration.
